UNLV Service-Learning Volunteer Confirmation Form

Completed forms should be returned to your faculty upon finishing your service.

- Please note that we are unable to send individualized emails to faculty members confirming volunteers' service. You can scan/take a photo of this form and email it to your faculty member and copy our office serve@unlv.edu in case faculty have questions, but due to the large volume of volunteers that we work with, it is not possible for us to send individualized emails. We hope this will be a great solution for all parties!
- We are happy to complete this form **at the time of the service event**. *Note: we are unable to complete forms after events, so it is the volunteer's responsibility to complete required forms at the time of service).*
